

Shutter

By: Meghan Kellem

A picture's just a picture,
but a memory's forever.

Don't tell me now that not living
forever makes you shudder.

If we could be immortal,
why would we need to be clever?

Then, there's no need to let in light
- click -
goes the camera shutter.

Space 2026

Meghan Kellem is graduating in Spring 2026 with her bachelor's degree in Management and Marketing, along with her master's degree in Management. She served on staff for the New College Review student magazine from 2024-2025 as Submissions Coordinator and Editor. When she isn't writing, Meghan is the owner of Refraction, a non-alcoholic mobile bar
